Glendalough

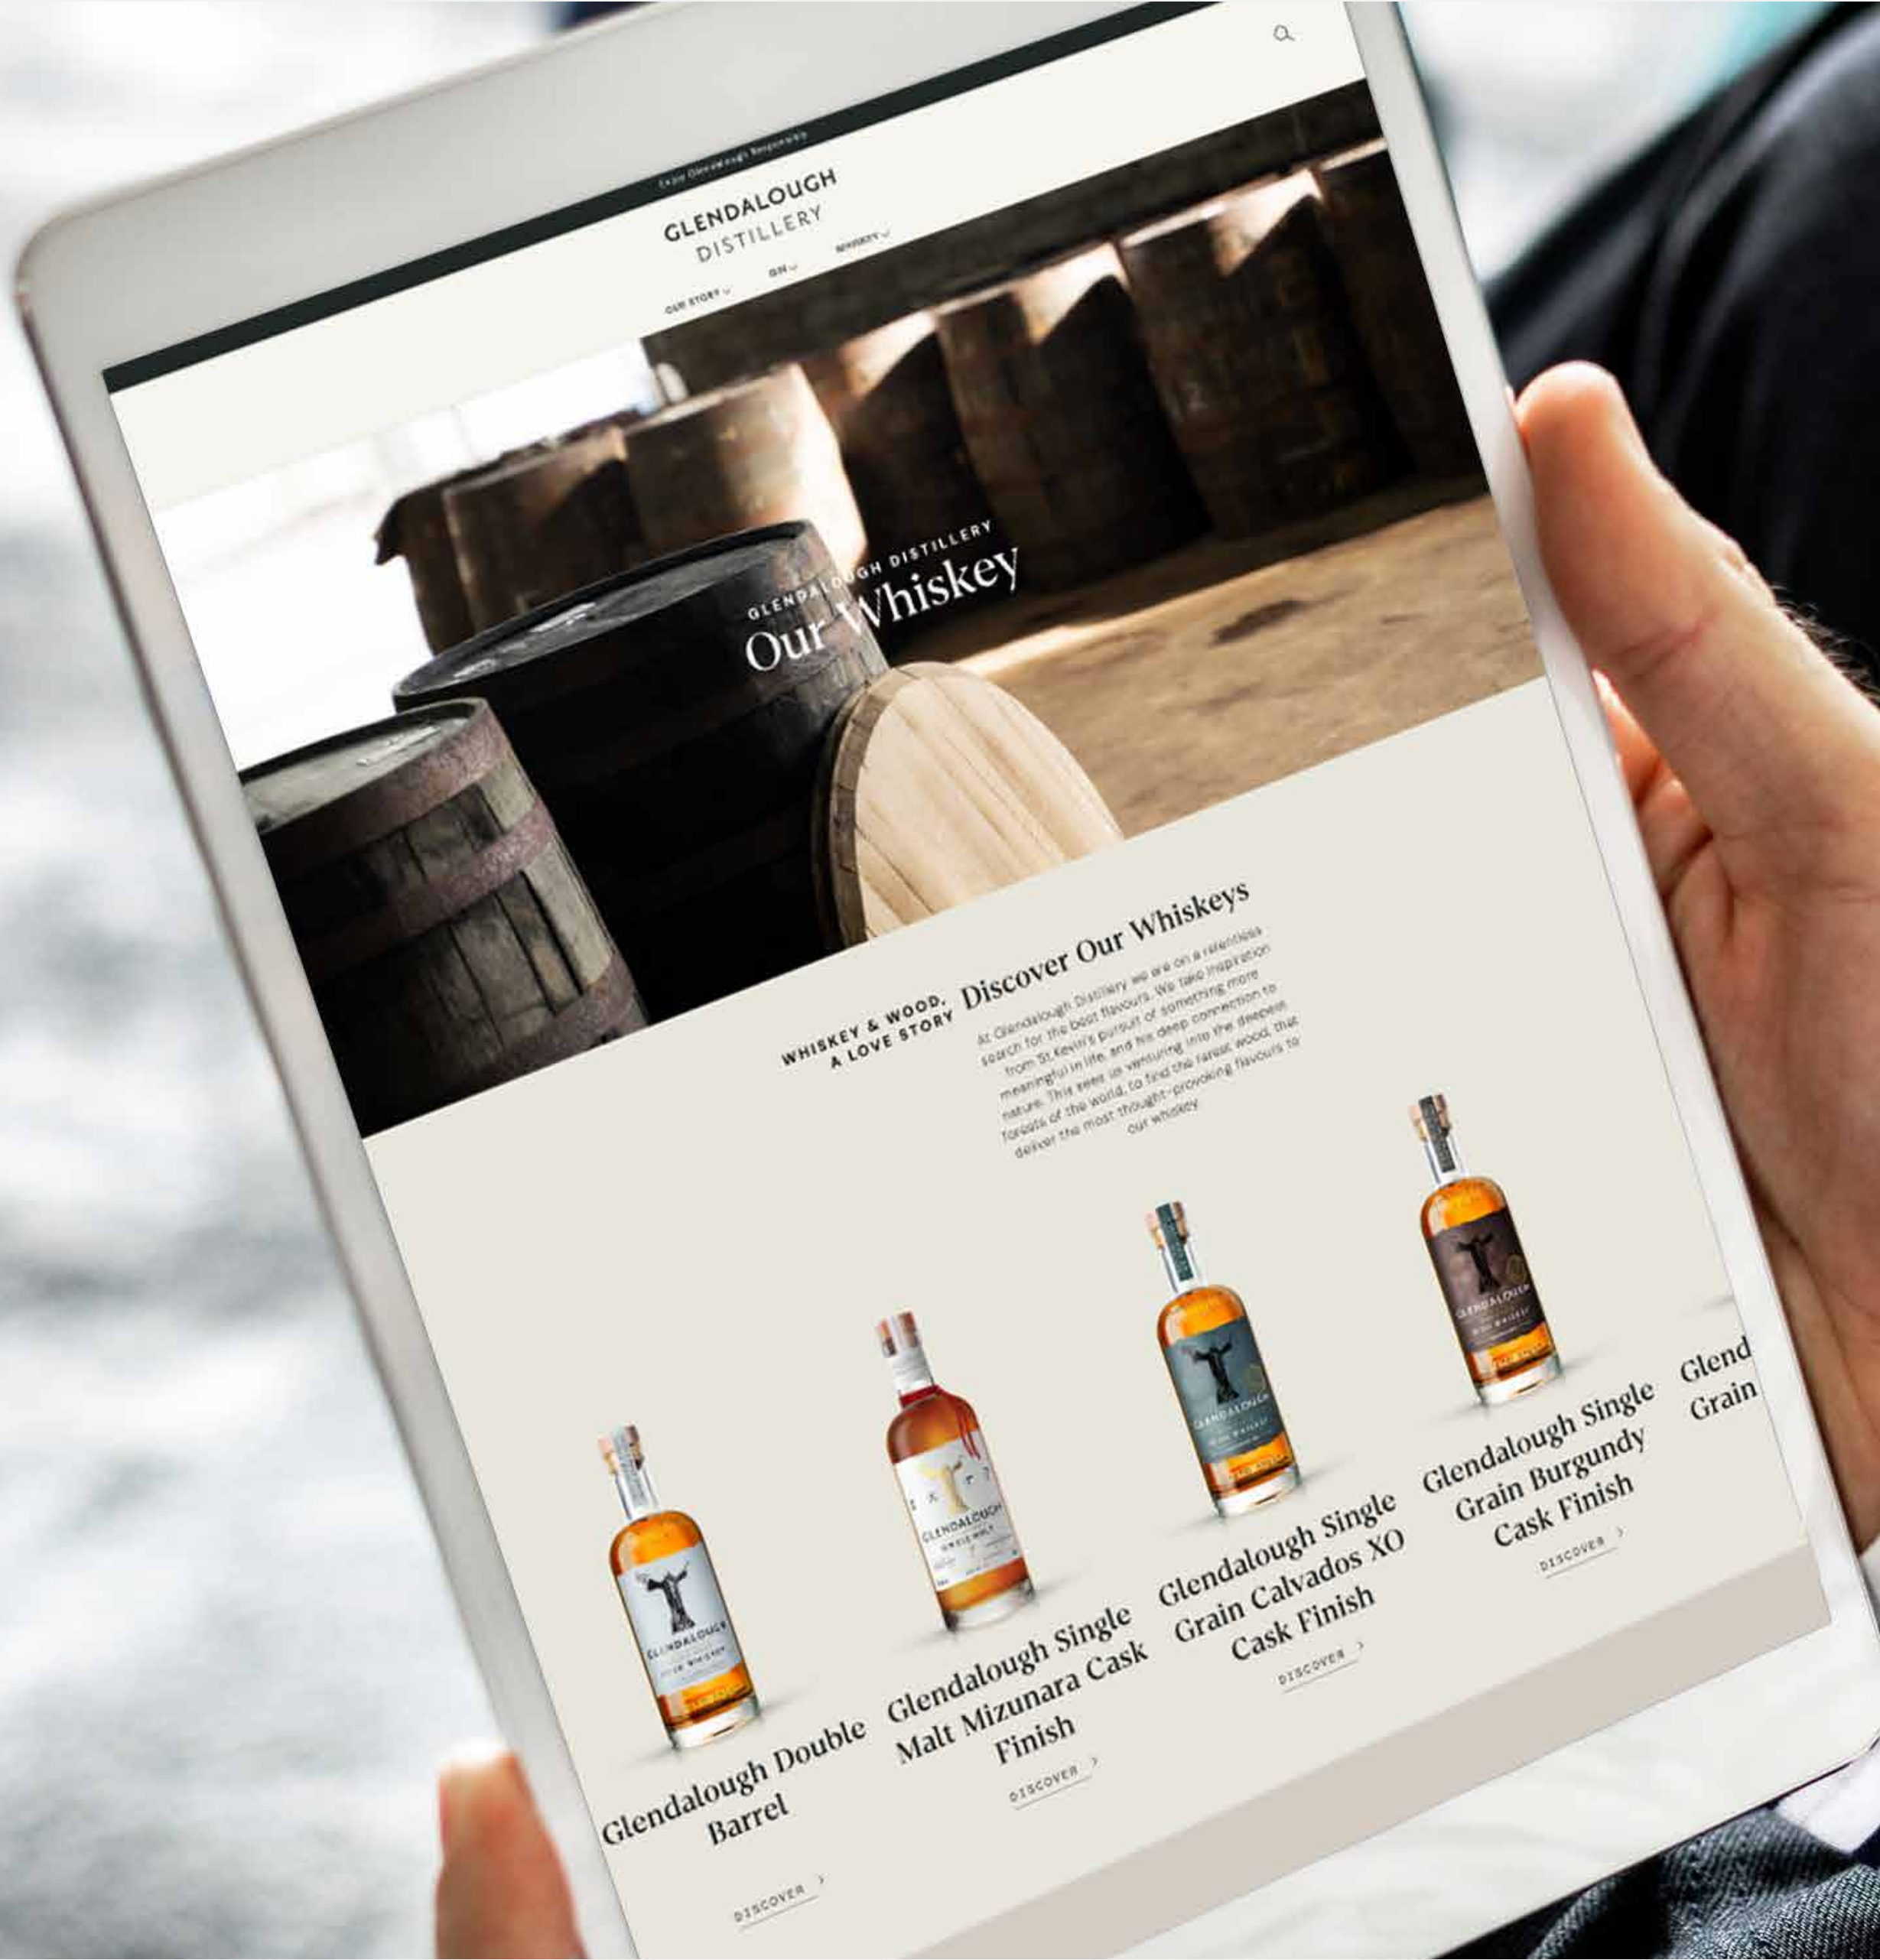

At Glendalough Distillery we progressively-craft luxury spirits in the Wicklow Mountains. We hope these spirits evoke a sense of place through their depth of flavour as they are an expression of what we love about these mountains.

CHAPTER 2

Our Craft

At Glendalough Distillery we take inspiration from the majestic surroundings of our home in Wicklow. The sights, the smells, the tastes, and sounds evoke a sense of place we look to share

WHISKEY & WOOD. A LOVE STORY

Discover Our Whiskeys

At Glendalough Distillery we are on a relentless search for the best flavour. We take inspiration from St. Kevin's pursuit of something more meaningful in life, and his deep connection to nature. This sees us venturing into the deepest forests of the world, to find the rarest wood that deliver the most thought-provoking flavours to our whiskey.
